PREFACE

This volume is a permanent record of books published during the four years from 1949-1952, inclusive. Like its predecessors in the Cumulative Book Index series, it aims to be a complete bibliography of works in English for the years covered—exclusive of government documents, maps, sheet music, cheap and paper-bound editions, pamphlets, tracts, propaganda, and other issues of local, fugitive, or ephemeral nature. (But for such exclusions, the already-large Cumulative Book Index would soon become too unwieldy and expensive to publish.) Certain other books have been omitted because it was impossible to find the sources from which they could be obtained.

During the period covered by this volume, contacts with overseas publishers have been reestablished and many new ones added. Works published during the war years for which information was received too late for inclusion in earlier volumes have been entered here. Publications (in English) from the following countries have been listed:

Argentina
Australia
Austria
Barbados
Bavaria
Belgian Congo
Belgium
Bermuda
Brazil
British Guiana
British West Indies
Canada
Ceylon
China
Colombia
Cuba
Cyprus
Czechoslovakia
Denmark
Dominican Republic
East Africa
Egypt
Ethiopia
Federated Malay States
Finland
France
Germany
Great Britain
Greece
Guatemala
Hong Kong
Hungary
Iceland
India
Iraq

Persia
Peru
Philippine Islands
Poland
Portugal
Rhodesia
Siam
Singapore
South Africa
Spain
Straits Settlements
Sweden
Switzerland
Syria
Trinidad
Turkey
Uganda
Venezuela
Yugoslavia

Theoretically, books published later than 1952 are not included. However, some published in one country in 1952 which appeared in another country early in 1953 may be found here. Books published in several countries have been entered with special care. The publisher or source whence obtainable in each country of issue is given, with the price in the currency of that country, except where publishers habitually quote otherwise. Any variations of title or format are shown in the entry.

Changes in publisher have been made to agree with the latest information received before going to press. Large price changes have also been made. Those editions which were listed in the United States Catalog, 1928, and the Cumulative Book Index permanent volumes for 1928-1932, 1933-1937, 1938-1942, and 1943-1948 whose publishers have changed have been reentered here with the designation (corr pub). Those with price changes of one dollar or more have had their main entry reentered with the designation (corr price). However, prices change so rapidly that users are warned when ordering books to allow for possible unrecorded price revisions.

No attempt has been made to check out-of-print items. Occasionally when such information was available, it was indicated by the usual sign: op. It has likewise been impossible to trace books of publishers who have recently gone out of business.

Grateful acknowledgment is made to all who have helped with the preparation of this volume; especially to Clarissa Goold, Jeannette Meyers, Eva L. Reiman, Rosa Wyschograd, Vita Kaplan, Ellen O'Rourke, Linda Hoy, Beatrice Di Coio, and Agnes Smith. Especial appreciation is expressed to Regina Goldman Grossman who edited this publication from March, 1946 until she resigned in January, 1952.

EXPLANATIONS

LIBRARY OF CONGRESS CARDS

Numbers to be used in ordering the printed catalog cards of the Library of Congress are given at the end of the main (author) entry of each book. When the card for a serial publication or a many volumed set appearing at intervals is printed as an open entry card, the number is enclosed in curves ( ). Where the card number is enclosed in brackets [ ] it indicates that the card at Library of Congress is for an edition of the book other than the one listed; or is for the English edition when two numbers are given.

When a book is entered before the Library of Congress card number can be procured, the main entry is reentered in a succeeding issue of the Index with the order number attached.

For further information apply to the Card Division of the Library of Congress, Washington 25, D.C.

(W)

(W) Sets of Wilson catalog cards are available for all books marked with this symbol. Sets average 4 to 5 cards and are obtainable either WITH or WITHOUT subject headings at the top of the card. In ordering indicate type of card preferred. For further information apply to The H. W. Wilson Company, 950 University Ave., New York 52.
